## DARTMOUTH VISITOR CENTRE ADVERTISEMENT RATES

Year after year we see growing demand from visitors and locals for information about attractions, accommodation and services. The award-winning Dartmouth Visitor Centre is a volunteer-led, self-funding organisation that works to help promote local businesses and everything we love about our beautiful town and its river environment.

By supporting us, we can continue working on your behalf to provide that special shop window of tourism for the town and surrounding areas. We hope that you will continue to subscribe to one of our promotional packages for this year.
